\*We did our best to accommodate kids and Halloween for the teams that are traveling the farthest. The least amount of kids (6) will be affected (traveling at least 3 hours) in Session 6 for this meet and all effort will be made to have those kids compete first on the last event to give them time to get on the road and home in time to celebrate Halloween. You are free to leave before awards and all medals will be sent to those gyms.

\*\*In order to accommodate more spectators comfortably, we had to limit the sessions to approximately 45 athletes.
